PROFESSIONAL SUMMARY

Initiative-taking software developers with firsthand experience in Java, Spring boot, MySQL, and front-end technologies. Proficient in building scalable, user-friendly web applications and databases. Strong background in developing solutions in agile environments, collaborating with cross-functional teams, and implementing efficient coding practices. Proven ability to troubleshoot, debug, and conduct code reviews to ensure quality and adherence to coding standards.

SKILLS

- **Programming Languages:** Java
- **Web Development:** HTML, CSS, JavaScript
- **Databases:** SQL, MySQL
- **Tools & Frameworks:** Spring Boot, Hibernate, WordPress, Adobe XD, Figma

EXPERIENCE

Web Development Intern, Trioclust Company

- Designed and developed dynamic websites using WordPress, enhancing user interfaces with Adobe XD and Figma.
- Collaborated with cross-functional teams to deliver responsive and user-centric web solutions.
- Gained comprehensive knowledge of web development methodologies and best practices.

EDUCATION

Bachelor of Engineering (Information technology)

Sipna College of Engineering and Technology, Amravati

June 2020 -May 2024

CGPA – 8.29

Class 12th - Maharashtra Board

Janata Mahavidyalaya, Chandrapur

May 2019 – March 2020

Percentage - 68.92%

Class 10th - CBSE

Shree Maharishi Vidya Mandir, Chandrapur

April 2017 – March 2018

Percentage - 76.60%

PROJECTS

Flight Booking System (JSP & Servlets)

- Developed a web-based flight booking system with user authentication and email confirmation.
- Implemented efficient database queries to manage flight schedules, bookings, and user data.
- Enhanced user experience with a responsive frontend using HTML, CSS, and JavaScript.
- Used MySQL for backend database management, ensuring data consistency and reliability.
- **Project Link**

Distributed File System (Core Java)

- Designed a scalable distributed file system using Core Java.
- Implemented file storage, retrieval, and replication features to ensure high availability.
- Enhanced system performance through efficient data distribution algorithms.

CERTIFICATIONS

- Java Certificate by Hacker Rank
- Core Java Certificate by Internshala
- SQL Certificate by Hacker Rank
- Web Development Masterclass by Udemy
- ChatGPT Prompt Engineering for Developers by Andrew Ng
- Advanced Software Engineering Job Simulation by Walmart Global Tech
